

## Equivalence Certificate Information

For our international students, the equivalence certificate is a document that shows the equivalence of the education received abroad in our country and ensures the continuity of education in Turkey.

Every student coming from abroad is required to declare this document in order to enroll in all schools affiliated to the Ministry of National Education in Turkey. We would like to underline that this document, which is a MoNE requirement, is not a special requirement for NUN Schools.

It is important to make an application to the equivalence center during the application and admission process so that the registration process is not disrupted. School registration cannot be completed without applying to the equivalence center.

If you have not yet applied for an equivalence certificate, you can find the roadmap below to start your application process as soon as possible.

<https://edenklik.meb.gov.tr/>

After completing the application for the equivalence certificate, please share your application tracking number with [info@nunokullari.com](mailto:info@nunokullari.com)

\*Students coming from schools opened abroad by the Republic of Turkey and the Turkish Republic of Northern Cyprus are not subject to the equivalence process. These students can be enrolled in schools of the same type according to the certification, diploma and other education documents issued.

\*Please note that there are different procedures for students who cannot submit their documents due to war, disaster and/or asylum.

Regards,  
NUN Schools

## Roadmap for Equivalence Certificate

1. The documents required for the Equivalence Certificate application are completed in full. Document needs vary according to the grade level of the student, this information can be accessed from the link where the equivalence processes are made.
2. Appointments are made on behalf of the mother or father by uploading the necessary documents on the <https://edenklik.meb.gov.tr/>. (After you make your e-Denklik application, you can prepare the originals and photocopies of your documents in a special file until the appointment day.)
3. On the day of the appointment, you go to the appointment center with the documents.
4. Applications are made to the Equivalence Center in the region selected on the application page by the legal representative of the student requesting the Equivalence Certificate.
5. At the end of the examinations carried out by the relevant experts, the equivalences of those deemed appropriate are prepared.
6. After the "Değerlendirildi" stamp is printed, the originals of the documents submitted at the application stage are delivered to the applicant or his legal representative together with the Equivalence Certificate by signature.

\*After making an application for equivalence, you can check the result by entering the Application Tracking Number and other information from the link below.
